## Bermuda Team Continues GT Clean-up

George Town residents continue to benefit from the recovery work of the Bermuda Regiment, whose work was personally witnessed recently by His Excellency the Governor, Mr. Bruce Dinwiddy, CMG. He was accompanied by Acting Head of Governor's Office, Mr. Frank Savage.

His Excellency the Governor, Mr. Bruce Dinwiddy, CMG, at right, and Acting Head of Governor's Office Frank Savage share words of encouragement with members of the Bermuda Regiment during their lunch break.

At the conclusion of the first group's tour of duty, and just before the arrival of new replacements for the 32-man team who are now at work, the Governor visited the regiment to express his thanks, and the appreciation of the country - especially on behalf of area residents.

Having already done much cleaning up in the Swamp and Windsor Park communities, this week's work, led by Captain Chris Wheddon, is focussing on the Rock Hole, Igloo Crescent, Cruz Lane and Diaz Lane areas. **(GIS)**
