(c) funds which, when received by the Authority, are in any investment, may be retained by the Authority in that investment.

28. (1) Any annual payment of the Authority to the core government shall be calculated by a formula determined by the Financial Secretary after consultation with the Authority and the Minister, and the balance shall be carried forward to the account of the Authority.

(2) No receipts under section 23(1)(f) shall be taken into account in calculating the amount of any annual payment into the general revenue of the Islands under subsection (1).

PART V - General

29. (1) The Authority shall each year review its requirements for premises, and any premises in the possession of the Authority which are no longer required for the purposes of the Authority shall be disposed of in accordance with this section.

(2) Premises which were transferred to the Authority by the Government for no consideration or for a nominal consideration shall be transferred by the Authority to the Government for no consideration or for the same nominal consideration, as the case may be.

(3) Premises other than those to which subsection (2) applies shall be offered to the Government for purchase at a fair market value; and any appraisal of real property in relation to this subsection shall be made according to the principles of valuation used by the Ministry responsible for lands.

(4) Where Government does not wish to purchase the premises offered to it under subsection (3), it shall notify the Authority in writing within twenty-one days of the receipt of the offer, after which the Authority may dispose of the premises on the open market to the Authority's best advantage.

30. (1) The Cabinet may, upon recommendation by the Authority, make regulations prescribing -
(a) such minimum standards for the maintenance of any public road as may, in the opinion of the Authority, be reasonably necessary in the national interest to promote accessibility to any area in the Islands;
(b) measures which are, in the opinion of the Authority, reasonably required in the management of public roads to cause the least possible disruption of the environment, but subject to the provisions of any other law;
(c) the manner in which the Authority or the Board may execute or perform any responsibility, function, duty or power under this Law;
(d) fees, or portions thereof, that are to be charged for any service provided by the Authority including the repair or restoration of public roads under section 5(2)(c); and
(e) all other matters as may be necessary for giving full effect to this Law and for its administration.

(2) Any regulation made under this Law may provide for the imposition of a fine of five thousand dollars and imprisonment for six months for any contravention of, or failure to comply with, such regulation.

31. The Authority may, subject to this Law, make such rules as it thinks fit to regulate its own internal management.

32. Neither the Authority, nor any director or employee of the Authority, shall be liable in damages for anything done or omitted in the discharge or purported discharge of their respective functions, responsibilities, powers and duties under this Law unless it is shown that the act or omission was in bad faith.

33. The Authority shall indemnify a director against all claims, damages, costs, charges or expenses incurred by that director in the discharge or purported discharge of his functions, responsibilities, powers and duties under this Law, except claims, damages, costs, charges or expenses caused by the bad faith of that director.

34. (1) Subject to this section, the Cabinet shall, on such conditions as the Cabinet may determine, transfer to the Authority such liabilities, rights or obligations, which relate to or are connected with the management of roads by the Roads Section of the Public Works Department on the 30th June, 2004, as the Cabinet may determine.

(2) Notwithstanding any provision to the contrary in any other Law, the Authority shall, with effect from the 30th June, 2004, be vested with the ownership of the rights and be charged with the liabilities and obligations so transferred or assigned to it.
(3) A certificate issued by the Minister in which it is stated that any right described in such certificate has been transferred to the Authority pursuant to subsection (1), shall be sufficient proof that the right so described vests in the Authority.

(4) The Authority shall be substituted as a contracting party in respect of any agreement transferred to the Authority pursuant to subsection (1), without such substitution bringing about a novation of such agreement.

(5) On the 1st July, 2004, any amounts held in the Roads Development Fund shall be transferred to and vest in the core government without further assurance, and the core government shall have all powers necessary to take possession of, recover and deal with, those amounts.
