

### HUMAN RESOURCES 2020 ANNUAL REPORT

JANUARY - DECEMBER 2020

gov.ky

### Welcome!

### Employee Information and Human Resources Activity for the Civil Service

This annual report contains information about key statistics and trends impacting human resources (HR) within the Civil Service and the wider Public Service. It serves to inform HR practices within the Civil Service and to educate the wider public on key trends.

This report is presented to Cabinet, tabled in Parliament and, in accordance with the Freedom of Information Law, published electronically on the website for the Portfolio of the Civil Service at <a href="http://www.pocs.gov.ky">http://www.pocs.gov.ky</a>

Annual HR reports were produced each calendar year between 2002 and 2007. From 2007/08 through 2015/16 the HR reporting period changed to reflect the fiscal year, which ran from 1st July to 30th June. To facilitate alignment of the financial year with the calendar year, the 2016/17 budget covered an eighteen month period (1st July 2016 to 31st December 2017). Effective 1st January 2018, the annual report reverted to the calendar year to reflect this new fiscal reporting period.

### **Report Description**

This report covers the calendar year 1st January to 31st December 2020.

**Section one** provides information on the demographics of the Public Service, which includes the 24 Government Owned Companies and Statutory Authorities, as of 31st December 2020 and as compared to previous reporting periods.

**Section two** provides information on the demographics of the core Civil Service as of 31st December 2020, addressing a range of HR matters including the size of the Service and Caymanianisation of the workforce at both Ministry/Portfolio and Departmental levels.

**Section three** provides information on a range of human resources activities such as recruitment, retention, employee engagement and, new for 2020, information on the impact of COVID-19.

**Full Year Summary** provides a one page overview of the key statistics from the report for the Public and Civil Service.

Glossary provides a description of the main terms used in the report.

The report presents data relating to different aspects of human resources management, with brief accompanying commentary on the data.

Data relating to the Civil Service has been taken from the Cayman Islands Government's central HR database (HR-IRIS). Statistics relating to the wider Public Service have been compiled from self-reported data provided by the respective Statutory Authorities and Government Owned Companies.

#### **Foreword**

The Cayman Islands Civil Service delivered exceptional results and continued its journey towards "world-class".

#### Gloria McField-Nixon

#### Chief Officer, Portfolio of the Civil Service

In 2020, the Cayman Islands and its Civil Service were confronted with unprecedented challenges, beginning with an earthquake which was quickly followed by the enduring COVID-19 pandemic which caused significant disruption to the country's economy and way of life. Fortunately, the decisive policy decisions adopted by the Government and ably implemented by its Public Service avoided high fatalities and eradicated community-based COVID-19 transmissions within 100 days. This year's report heralds the high employee engagement and workforce agility that made these national outcomes possible.

The 2020 Annual HR Report provides an opportunity to reflect on highlights of our people management strategy and workforce planning activities. It also allows the public an overview of the talent that is deployed across the Civil Service and wider Public Service. In 2020, a number of significant changes have occurred, including:

- Both the Civil Service and wider Public Service have increased in size, by 3.0% and 2.3% respectively.
- The Civil Service implemented flexible and remote working practices, in response to COVID-19 shelterin-place requirements, to ensure the continuity of public services. Civil Servants demonstrated agility and commitment as they were re-deployed across the service, adopted new working practices and delivered services in different ways.
- In the area of recognition and reward, on 1st January 2020 there was an award of a 5% Cost of Living Adjustment and, mid-year, the Civil Service introduced a one-off differentiated honorarium award, recognising COVID-19 responders and in particular the men and women who delivered

- essential services whilst facing elevated risks associated with on-going face-to-face public contact.
- Employee engagement results soared, with a record survey participation rate of 83% (up from 74% in 2019). Additionally, our overall engagement score increased to 72%, a 2% increase over the prior year.

As the Cayman Islands confronted numerous crises, the talent across the Public Service rose to the challenge demonstrating, beyond a doubt, the critical importance of talent management. In the years ahead, the Public Service will continue to face daunting challenges as we strive to keep our people safe and to preserve the Cayman economy and way of life.

The Public Service remains resolute in its commitment to "make the lives of those we serve better", particularly during a time of significant challenge. I am confident that our people will continue to rise to meet that challenge.

# Section One: Demographics of the Public Service (31 December 2020)

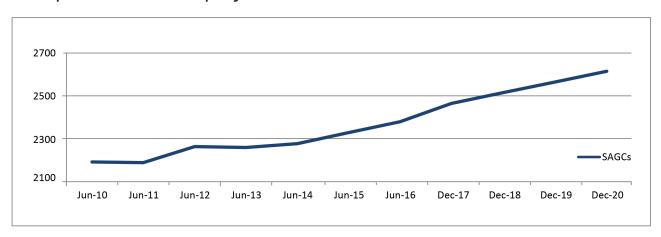

Size of the Public Service by Statutory Authority Government Owned Company [SAGC]

| Statutory Authority/Government<br>Owned Company   | Number of<br>Employees<br>Dec 2020 *1 | Number of<br>Employees<br>Dec 2019 *1 | Total<br>Variation | %<br>Change |

### Statutory Authorities/Government Owned Companies -Total Employees

The Cayman Islands Public Service comprises employees from SAGCs and the Civil Service. At the end of 2020, the number of employees in the Public Service was 6,819. **This was an increase of 151 employees, or 2.3%, over the prior year.** 

There has been **steady growth in employees within SAGCs** over the past ten years, reporting 2,611 employees in December 2020. The SAGCs ranged in size from the Auditors Oversight Authority, which employed 1 staff member as of 31st December 2020, to the Health Services Authority which employed some 953 staff members.

## Number and Percentage of Caymanian Employees by Statutory Authority/Government Owned Company

### Percentage of Caymanian Employees in Statutory Authorities/Government Owned Companies

# At the end of 2020, the number of Caymanians employed within the Public Service was 4,910 which represents 72% of the Public Service.

The representation of Caymanians within Statutory Authorities and Government Owned Companies has dropped slightly. **Representation of Caymanians in the SAGCs as at 31st December 2020 was 73.9%** (December 2019 75.1%). Changes can be attributed mainly to the Health Services Authority, the Monetary Authority, and University College of the Cayman Islands, which had the highest increase in non-Caymanian employees throughout 2020 (29, 23 and 9 respectively). Individual Statutory Authorities and Government Owned Companies do vary in the proportion of Caymanians they employ and the tables on pages 8, 9 and 10 show the employment level of Caymanians within each business.

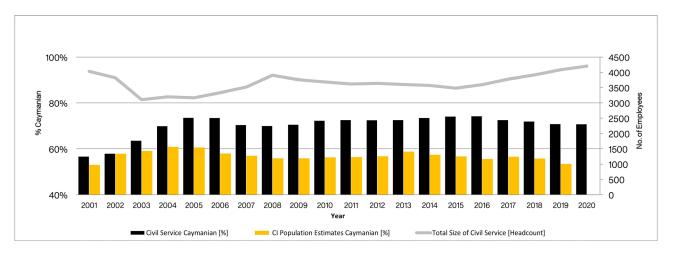

The University College of the Cayman Islands has the lowest proportion of Caymanian employees (31.2%), while 5 organisations had a completely Caymanian work force as at the 31st December 2020. Of the 24 Statutory Authorities or Government Owned Companies, there were 17 with three-quarters or more of their workforce comprising Caymanian employees as indicated by the yellow shading on pages 8 and 9.

### Size of the Civil Service and Cayman Islands Population Estimates - Caymanian Profile

#### Note

Demographics for the Civil Service contain a number of exclusions which are outlined in the Glossary on page 54. Notably, students employed on paid internships during vacation periods are excluded as are members of the Judiciary, Members of Parliament, political appointments, the London Office and His Excellency the Governor.

The size of the Civil Service has fluctuated over the last twenty years in response to changes in demand for services, public policy and the transformation of departments into Statutory Authorities. The table above provides a snapshot of the size of the Civil Service from January 2001 until December 2020

(represented on the graph by the grey trend line and right hand axis information).

In 2008, in response to the global recession, a recruitment moratorium was adopted. Between 2008 and 2015 there was a decrease in the size of the

| 991        | 999        | 987        | 947        | 901        | 927        | 1035       | 1096       | 1188       | 1227       |
| 3619       | 3639       | 3601       | 3571       | 3484       | 3600       | 3778       | 3918       | 4084       | 4208       |
| 72.6%      | 72.5%      | 72.6%      | 73.5%      | 74.1%      | 74.2%      | 72.6%      | 72.0%      | 70.9%      | 70.8%      |
| 27.4%      | 27.5%      | 27.4%      | 26.5%      | 25.9%      | 25.8%      | 27.4%      | 28.0%      | 29.1%      | 29.2%      |

Civil Service. However, over the last five years there has been a reversal of this trend. During 2020, the Civil Service increased in size by 124 or 3.0%. A more detailed breakdown of the departments contributing to this change is provided on page 17.

Since 2004 the percentage of Caymanian employees has remained over 70% (represented on the graph by the black bars) with the highest representation (74.3%) being reported in June 2016. Increased hiring within the Department of Education and Police, to professions where Caymanians represent less than

half the workforce, has contributed to the decreases reported over the last five years.

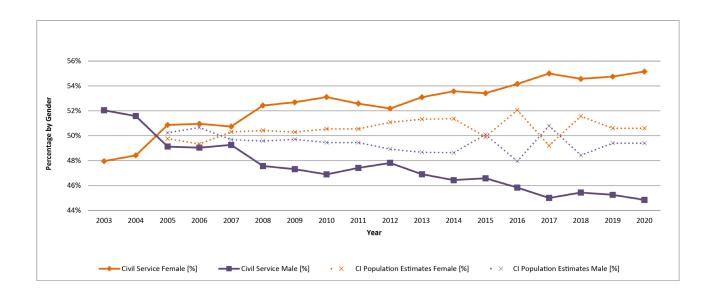

The Cayman Islands population estimates from the Economics & Statistics Office Compendium of Statistics (2019) are shown in yellow on the graph providing a comparison against which the Civil Service can be benchmarked. It shows that, since 2002, the proportion of Caymanians within the Civil Service remains higher than that of the estimated total populationnationally.

|  |      | DEC 2020 |         |         |  |  |  |  |
|--|------|----------|---------|---------|--|--|--|--|
|  | Caym | anian    | Non-Cay | /manian |  |  |  |  |
| Chief Officers (including Acting)                              | 71%  | 12       | 29%     | 5       |  |  |  |  |
| Heads of Department  | 79%  | 56       | 21%     | 15      |  |  |  |  |
| 2020 Promotions [As flagged for payroll salary change reasons] | 72%  | 74       | 28%     | 29      |  |  |  |  |

As of the 31st December 2020, Caymanians represented 71% of Chief Officers and 79% of Heads of Department. For Chief Officers this is in line with, and for Heads of Department this is higher than, the Caymanian representation within the Civil Service as a whole.

During 2020, 72% of promotions within the Service were to Caymanians, slightly above the representation of Caymanians within the Service.

### Civil Service and Cayman Islands Population Estimates - Gender Profile

### Size of the Civil Service and Percentage by Gender from January 2003 to December 2020

| Date     | Jan-<br>03 | Jan-<br>04 | Jan-<br>05 | Jan-<br>06 | Jan-<br>07 | Jun-<br>08 | Jun-<br>09 | Jun-<br>10 | Jun-<br>11 | Jun-<br>12 |

| Male     | 1617       | 1650       | 1557       | 1634       | 1734       | 1857       | 1777       | 1729       | 1716       | 1740       |
| Total    | 3107       | 3199       | 3169       | 3332       | 3520       | 3904       | 3756       | 3687       | 3619       | 3639       |
| % Female | 48.0%      | 48.4%      | 50.9%      | 51.0%      | 50.7%      | 52.4%      | 52.7%      | 53.1%      | 52.6%      | 52.2%      |
| % Male   | 52.0%      | 51.6%      | 49.1%      | 49.0%      | 49.3%      | 47.6%      | 47.3%      | 46.9%      | 47.4%      | 47.8%      |

As the size of the Civil Service has changed over the last eighteen years, so has the proportion of women within the Civil Service. The table below provides a snapshot of the gender balance within the Civil Service from January 2003 until December 2020.

Since 2005, the representation of females in the service has been higher than their male counter parts. The accompanying graph shows how the balance has moved from women forming 48% of the Civil Service in 2003 to its present level of 55%. This represents an increase of 831 women from the 1,490 employed in 2003. The Cayman Islands population estimates from the Economics & Statistics Office Compendium of Statistics (2019) are shown as dotted lines, giving a comparison against which gender parity can be benchmarked.

| Jun-<br>13 | Jun-<br>14 | Jun-<br>15 | Jun-<br>16 | Dec-<br>17 | Dec-<br>18 | Dec-<br>19 | Dec-<br>20 |
|------------|------------|------------|------------|------------|------------|------------|------------|
| 1912       | 1913       | 1861       | 1950       | 2078       | 2138       | 2236       | 2321       |
| 1689       | 1658       | 1623       | 1650       | 1700       | 1780       | 1848       | 1887       |
| 3601       | 3571       | 3484       | 3600       | 3778       | 3918       | 4084       | 4208       |
| 53.1%      | 53.6%      | 53.4%      | 54.2%      | 55.0%      | 54.6%      | 54.8%      | 55.2%      |
| 46.9%      | 46.4%      | 46.6%      | 45.8%      | 45.0%      | 45.4%      | 45.2%      | 44.8%      |

In 2020, women represented 47% of Chief Officers and 45% of Heads of Department, which is below their representation in the Civil Service as a whole (55%). However, 65% of promotions in 2020 were received by women.

Whilst women represent over half of the employees

in grades F, H, I and J; grade I is the highest grade at which the representation in the grade is in line with the representation of women in the Civil Service as a whole (55%).

Further information relating to the gender split of the Civil Service by grade is located on page 30.

### Change in Size of the Civil Service by Department (2020)

The table overlef shows the number of employees within each department as at December 2019 and 2020. At the end of 2020, there were 72 departments across government. Most departments (43 of the 58 where there was a headcount change) experienced a small change in employee figures during the year (i.e. 5 employees or less).

Nine departments saw increases in staffing of five or more. These were District Administration (20 employees), Fire (16 employees), Environmental Health (13 employees), WORC (12 employees), the Core Ministry of EYSAL (11 employees), the Portfolio of the Civil Service (10 employees), International Tax Cooperation (9 employees), the Core Ministry of CP&I (6 employees) and Public Safety Communications (5 employees).

Conversely, five departments saw decreases of 5 or more in staffing levels - the Education Department (17 employees), Postal Service (8 employees), EBC Core Ministry (7 employees), the Toursim Department (6 employees) and Customs and Border Control (5 employees).

<sup>\*1</sup> The Cayman Islands Coast Guard was established in 2020; hence, has been excluded from year-on-year comparison data.
\*2 The Internal Audit Service was reported as part of the Office of the Deputy Governor in the 2019 Annual HR Report. Figures for 2019 have been adjusted to reflect the employee split as at the 31st December 2019.

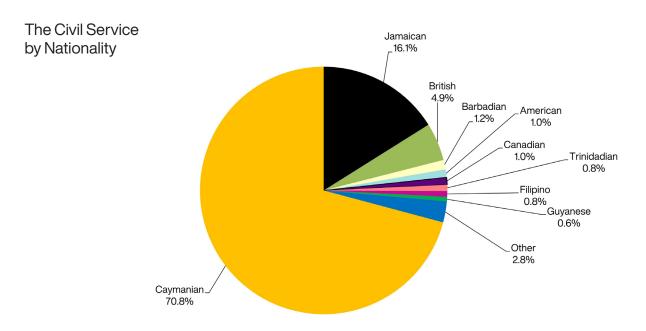

### The Civil Service by Nationality

As at 31st December 2020, the Civil Service was comprised of employees from 44 different nationalities, with Caymanians forming the majority of the workforce, representing 70.8% of the Service.

The largest groups of expatriate Civil Servants were Jamaican (representing 16.1% of the service), British (representing 4.9% of the service), Barbadian (representing 1.2% of the Service) and American and Canadian Civil Servants each constituting a further 1.0% of the Service. The remaining 39 nationalities represent less than 1% each and 5.8% cumulatively.

The table shows the number and percentage of employees within the Civil Service by nationality.

| Nationality           | Number of<br>Employees | % of the Civil Service |
|-----------------------|------------------------|------------------------|
| Caymanian             | 2981                   | 70.8%                  |

The pie chart shows data about the nationality of Civil Servants, with nationalities constituting less than one percent of the Service amalgamated, for ease of comparison.

### Department Breakdown and Level of Caymanianisation

The table overleaf shows the number of employees working within the 72 government departments as at 31st December 2020. The employees are broadly grouped by nationality (Caymanian and non-Caymanian), with the percentage Caymanian column of the table providing an indication of how effective each Department has been at attracting and retaining Caymanians.

There were 12 departments where 50% or more of employees were non-Caymanian; 49 departments had a higher percentage of Caymanian employees than the average for the Civil Service (70.8%). There were seven entities with a 100% Caymanian workforce; Department of Labour and Pensions, Marketing and Communications Unit, Ministry of CA (Core), National Archive, Needs Assessment Unit, Passport Office and the Youth Services Unit.

| Department  | Caymanian | Non-<br>Caymanian | Total | %<br>Caymanian |
|---|-----------|-------------------|-------|----------------|
| Agriculture Department                                  | 44        | 20                | 64    | 68.8%          |

[against pre Sept 2016 data below, when normal retirement age increased from 60 to 65]

The highest concentration of Civil Servants was in the 40-44 age range (14.0%). The 35-39 and 45-49 age ranges were the next largest groups, both representing 13.7% of the Service. The average age of a Civil Servant within the Cayman Islands was 44 years, with the youngest employee being age 16 and the oldest employee being age 75.

In September 2016, the normal retirement age for the Civil Service increased, from age 60 to age 65. Civil Servants reaching retirement age may be re-employed subject to provisions defined in the Public Service Management Act and Personnel Regulations. The percentage of employees over age 60 (the former normal retirement age) varied between 4.4% and 6.4% during the preceding 13 years. As of 31st December 2020, there were 102 employees (2.4% of the Service) over age 65, the new retirement age.

More detailed information regarding the age distribution of employees can be found on page 27, where the data is broken down by department.

Effective 9th September 2016 the normal retirement age for the Civil Service increased from age 60 to age 65.

### The Civil Service by Department and Age Range

The following table shows the number of Civil Servants across various age ranges within each department. The largest group of employees is in the 40-49 age range (27.7% of the Service) with the 30-39 and 50-59 age ranges each constituting approximately one quarter of the Service's population. The shading on the right side of the table identifies the departments which had an above average representation of Civil Servants over the normal retirement age. The darker shading represents higher percentages of employees over 65 years old. Whilst 33 departments did not have employees over the normal retirement age, the Elections Office, Health Regulatory Services, National Archive, Passport Office, Public Library and Sister Island Sports each have more than five times the average percentage of employees aged 65 or above.

Note: In September 2016 the normal retirement age for the Civil Service was raised from age 60 to age 65.

### The Civil Service by Gender and Salary Grade

The bar charts overleaf show the proportion of female and male Civil Servants paid on each salary grade as at 31st December 2020. The solid lines show the expected percentage if the grades were uniformly distributed. There continues to be a larger proportion of Civil Service roles held by females, which is as a result of the composition of the Service (55% female, 45% male).

Service, falling within grades A and B, were held by men. These are the Deputy Governor, Financial Secretary and Attorney General. For other organisational executives (predominantly falling within grades C to G), 48% of the roles were held by females and 52% were held by males. Positions within grades C to G include Chief Officer, Deputy Chief Officer, Head of Department and Deputy Head of Department, among others.

The three most senior executive roles in the Civil

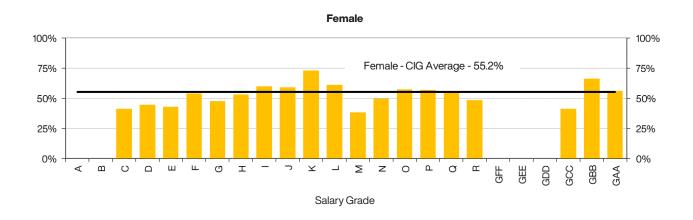

Within the middle/junior management and specialist technical roles (predominantly found in grades H to K), the gender split was 65% female and 35% male. Teaching as a profession has a disproportionally high female representation (77% of all teaching professionals within the Civil Service are female). As 88% of teaching staff (415 teachers) are on grade K, this impacts the gender split across this middle/junior-manager/specialist role.

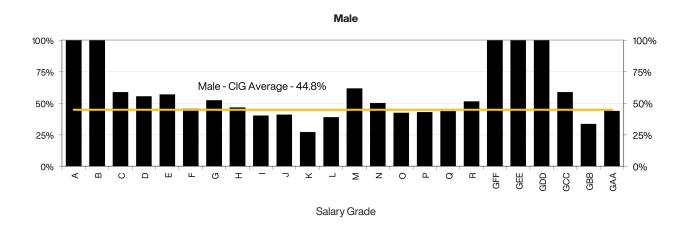

Within the top and middle level operational roles (predominantly found in grades L to O), the gender split was broadly equal at 49% female, and 51% male.

Females dominated the lowest level support roles (grades P to R) representing 56% of the workforce in that category.

Male employees dominated the higher wage worker grades, where all employees at grades GFF to GDD were male (largely associated with roles in the specialist trades).

Wage workers employed on the lower grades reflected a more even spread, where 57% of employees at grades GCC to GAA were female and 43% were male.

#### The Civil Service by Nationality and Salary Grade

The two bar charts below show the percentage of Caymanian and non-Caymanian employees per salary grade. When looking at the Civil Service as a whole, Caymanian employees made up 70.8% of the workforce.

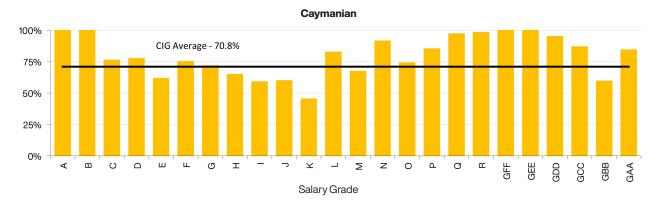

The three most senior executive roles in the Civil Service, falling within grades A and B, were held by Caymanians. These are the Deputy Governor, Financial Secretary and Attorney General.

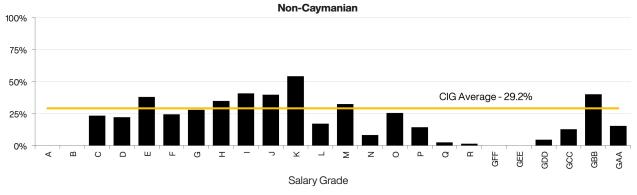

For other organisational executives (predominantly falling within grades C to G), Caymanians represented 73% of employees in these roles, which is slightly above the average of the Civil Service as a whole. Positions within grades C to G include Chief Officer, Deputy Chief Officer, Head of Department, Deputy Head of Department, among others.

Within the middle/junior management and specialist technical roles (predominantly found in grades H to K), Caymanian representation was 53%. Teaching, as a profession, has a disproportionally high representation of non-Caymanian (66% of all teaching professionals), which impacts the overall Caymanian representation in this group of roles.

In the lower salary grades (P-R), Caymanian representation was at 93%. Caymanians also represented the majority (78%) of employees in the wage worker pay grades (GAA-GFF).

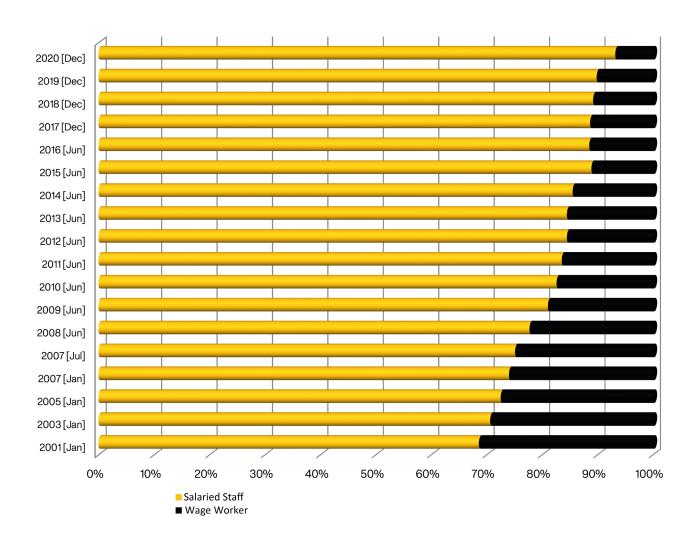

This pattern may be explained, in part, by Ministries and Portfolios being less likely to recruit from overseas for more junior roles within the Civil Service.

Civil Servants on salaried terms and conditions make up the majority of the Civil Service (93%).

### Civil Servants on Wage Worker Terms and Conditions (31st December 2020)

The 8 departments listed in the table below employed Civil Servants on wage worker terms and conditions. Over half of the staff at the Department of Children and Family Services and District Administration were wage workers.

There has been a significant reduction in the proportion of wage workers in the Department of Environmental Health. Public Works transitioned its remaining wage worker employees to salaried terms and conditions in 2020.

During 2020, of the 359 new appointments to the Civil Service, 23% were appointed on wage worker contracts. Further information relating to recruitment and appointments can be found on page 38.

The Personnel Regulations state that an employee's wages or salary should be paid on a monthly basis or, in exceptional circumstances, on a bi-weekly basis. When the Public Service Management Act and associated Personnel Regulations came into effect in January 2007, the majority of contractual differences between salaried staff and wage workers were resolved.

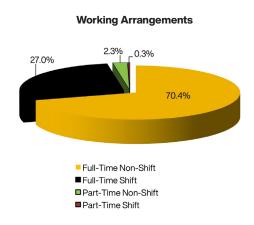

| Department/Ministry/Portfolio            | No. Wage<br>Workers | No. Salaried<br>Staff | Total Staff | % Wage<br>Workers |
|--|---------------------|-----------------------|-------------|-------------------|

#### The Civil Service by Employment Arrangements

#### Working Arrangements

As of 31st December 2020, the majority of Civil Servants worked full-time, with less than 3% of the Service being employed on part-time working arrangements. Part-time employees were employed across 13 different departments with the largest representation being within District Administration and the Department of Education Services.

Shift workers represented just over 27% of the Civil Service by the end of 2020, with 27 departments reporting that they employed Civil Servants on shifts. The Police Service (34%), Customs and Border Control (15%), Prison Service (13%), and Fire Service (12%) collectively employed the majority of shift workers (74% of the 1,149 employees working shifts).

| Working Arrangements | Number of<br>Employees | % of<br>the Civil<br>Service |
|----------------------|------------------------|------------------------------|
| Full-Time Non-Shift  | 2964                   | 70.4%                        |
| Full-Time Shift      | 1136                   | 27.0%                        |
| Part-Time Non-Shift  | 95                     | 2.3%                         |
| Part-Time Shift      | 13                     | 0.3%                         |
| Total                | 4208                   | 100%                         |

### **Employment Agreement Type**

The Personnel Regulations outline the following tenure arrangements for employees:

- Caymanians should be placed on an "openended" contract until their 65th birthday unless: the position/post undertaken has a finite life, the individual is over the compulsory retirement age (in which case it should be fixed-term for no more than 2 years) or when there are other good reasons not to do so.
- Non-Caymanian employees should have a fixed-term employment agreement of no longer than 3 years.

A number of roles have terms and conditions outlined in other Laws or Regulations, such as the

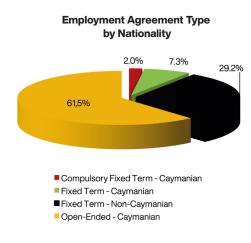

Commissioner of Police who may be awarded a fixed-term contract of up to 5 years per contract or the Ombudsman who may be awarded a one-time fixed-term contract of 7 years.

The pie chart overleaf shows the proportion of employees who held open-ended or fixed-term employment agreements as at 31st December 2020. 62% of the Civil Service were Caymanian employees on open-ended employment agreements, 29% were non-Caymanians on fixed-term employment agreements and 9% were Caymanians on fixed-term employment agreements.

In the pie chart, the latter category has been split to show those Caymanian employees who were

over 65 years old and holding 'compulsory' fixed term employment agreements (2%), and those with standard fixed term employment agreements (7%). The raise in retirement age (to age 65 in September 2016) and the subsequent requirement for individuals

to re-join the pension scheme if under the new mandatory retirement age, either prior to or at the end of their current contract, impacted the proportion of Caymanians moving from fixed-term contracts over the last three reporting periods.

| Employment Agreement              | Number of<br>Employees | % of<br>the Civil<br>Service |
|-----------------------------------|------------------------|------------------------------|
| Compulsory Fixed Term - Caymanian | 87                     | 2.0%                         |
| Fixed Term - Caymanian            | 306                    | 7.3%                         |
| Fixed Term - Non-Caymanian        | 1227                   | 29.2%                        |
| Open-Ended - Caymanian            | 2588                   | 61.5%                        |
| Total                             | 4208                   | 100%                         |

### **Section Three: HR Activity for the Civil Service**

### **Annual Salary Distribution**

The Cayman Islands Government salary grades are split into salary points. Each grade contains between 5 and 13 individual points. Automatic annual increments have been frozen within the Civil Service since 2002. The salary scale in effect on the 31st December 2020 ranged between \$20,400 (R point 1) and \$218,112 (A point 8) per annum for salaried staff and between \$10.24 (GAA point 1) and \$22.47 (GFF point 5) per hour for wage workers.

The table on page 36 shows that the majority of the Civil Service were paid towards the lower end of the Government salary range, with 54% of the Civil Service earning under \$50,000 per annum. This represented a 15% decrease from December 2017, where it was reported that 69% of the Service earned less than \$50,000 per annum.

The largest group of Civil Servants (27%) earned salaries in the \$40,000 to \$49,999 range, with

the \$60,000 to \$69,999 and \$30,000 to \$39,999 ranges being the next largest groups (19% and 17% of Civil Servants respectively).

The average full-time equivalent annual salary for the Civil Service as at the 31st December 2020 was \$53,129; an increase of \$2,936 compared to the December 2019 average. This is the sixth consecutive year that an increase in average salary has been reported following decreases in the preceding two fiscal years. Contributing to the increase was a cost of living [COLA] award of 5%, which was awarded to all Civil Servants effective the 1st Jannuary 2020.

The provision of medical benefits and pension, without employee contribution, should be noted when making comparisons of overall remuneration packages for Civil Servants against other organisations, as these represent significant employee benefits.

| Annual Salary<br>(Based on FTE) | No. of<br>Civil<br>Servants | % of Civil<br>Servants | Cumulati-<br>ve % |
|---------------------------------|-----------------------------|------------------------|-------------------|
| Under \$20,000                  | 66                          | 1.6%                   | 1.6%              |
| \$20,000 to \$29,999            | 371                         | 8.8%                   | 10.4%             |
| \$30,000 to \$39,999            | 702                         | 16.7%                  | 27.1%             |
| \$40,000 to \$49,999            | 1,130                       | 26.9%                  | 53.9%             |
| \$50,000 to \$59,999            | 490                         | 11.6%                  | 65.6%             |

Distribution of Civil Servants Across Salary Points

The Public Service Management Act and Personnel Regulations outline the authority of Appointing Officers to determine the point placement of individuals within a grade. A range of factors are considered, including experience and qualifications.

The table and pie chart summarise the position of employees within the salary scales for the Civil Service. Some 77% of the Civil Service had a point placement that was less than or equal to the mid-point of the range, the same as that reported for 2019. 23% of Civil Servants are on the lowest point (point 1)

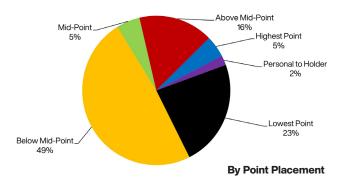

of their salary grade, an slight decrease from the 24% reported in 2019.

Within the Civil Service, 5% of employees were on the highest point of their range and a further 2% had an individual salary that was either outside of the salary scale or unaligned to a point within the salary scale.

Of the new appointments to the Civil Service during 2020, 161 of 359 (45%) were made to point 1 of the salary grade (compared with the 40% reported for 2019); whilst 287 out of 359 appointments (88%) were made to point placements that were below the mid-point of the scale.

In addition to the appointments discussed above, 109 Student Interns/Operational Support Assistants were appointed during 2020 to short fixed-term contracts. Of those 66% were appointed to R point 1.

| Point<br>Placement | No. of<br>Civil<br>Servants | % of<br>the Civil<br>Service | Cumulati-<br>ve % |
|--------------------|-----------------------------|------------------------------|-------------------|
| Lowest Point       | 975                         | 23.2%                        | 23.2%             |
| Below Mid-Point    | 2044                        | 48.6%                        | 71.7%             |
| Mid-Point          | 217                         | 5.2%                         | 76.9%             |
| Above Mid-Point    | 685                         | 16.3%                        | 93.2%             |
| Highest Point      | 198                         | 4.7%                         | 97.9%             |
| Personal to Holder | 89                          | 2.1%                         | 100%              |
| Total              | 4208                        | 100%                         |                   |

## Employee Remuneration Changes (2020)

The chart shows the change in Civil Service remuneration during 2020 (based on a comparison of employee salaries as at 31st December 2019 and 31st December 2020).

19% of the Civil Service received an increase during 2020. This was as a result of promotions, roles being re-evaluated or receiving within grade adjustments. This represented 798 employees across 58 Departments. Additionally, all employees received a 5% Cost of Living Award as at 1st January 2020.

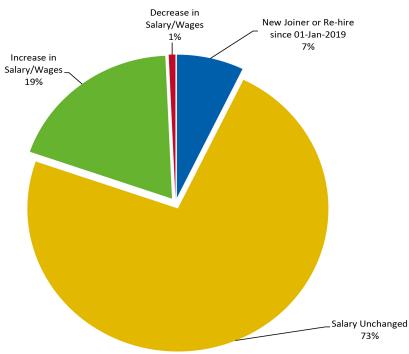

Of those employees receiving a salary increase, 40% related to employees within the Education Department and 11% related to employees in Public Works. Of the remaining departments where staff had

increases, each of them accounted for less than 10% of all employee increases.

0.7% of the Civil Service received a salary decrease during 2020, largely associated with employees moving into roles on a lower grade or transitioning to part-time working. This may be in response to the introduction of phased retirement provisions, which provides additional flexibility for employees to remain with the Service on a part-time basis or in a lower graded role, while also receiving their monthly pension.

A further 7% of employees were new joiners to the Civil Service for which there was no prior years data for comparison purposes.

382 employees gained roles on a higher grade, representing internal advancement within the Civil Service (through promotions or job enlargement). Of those, 80% were Caymanian.

## 2020 HR Activity for the Civil Service

### - Recruitment/Appointments (2020)

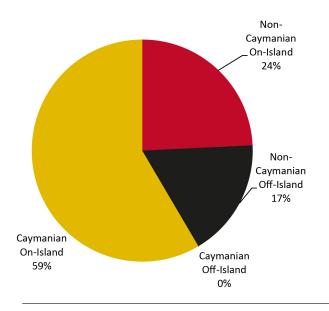

This section provides an overview of recruitment/appointment activities during 2020. During the year, there were 481 appointments to the Civil Service; however, 109 of these were to student interns/Office Support Assistants and 13 were supply teachers. These are groups that have been excluded from the more detailed analysis below.

### Appointments Made On and Off Island by Employment Type

| Recruitment<br>Location | Caymanian | Non-Caymanian | Total  | % by Recruitment<br>Location |
|-------------------------|-----------|---------------|--------|------------------------------|
| Off-Island              | 0         | 62            | 62     | 17.3%                        |
| On-Island               | 210       | 87            | 297    | 82.7%                        |
| Total                   | 210       | 149           | 359    | 100%                         |
| % by Nationality        | 58.5%     | 41.5%         | 100.0% |                              |

### Appointments by Employment Type

| Employment<br>Type | Caymanian | Non-Caymanian | Total  | % by Employment<br>Type |
|--------------------|-----------|---------------|--------|-------------------------|
| Salaried Staff     | 149       | 128           | 277    | 77.2%                   |
| Wage Worker        | 61        | 21            | 82     | 22.8%                   |
| Total              | 210       | 149           | 359    | 100%                    |
| % by Nationality   | 58.5%     | 41.5%         | 100.0% |                         |

### Recruitment by Location

The information in the table and pie chart provides statistics on recruitment/appointment activity by location (i.e. on-island vs. off island).

During 2020, **83**% of all appointments were made for applicants who were **on-island**, with Caymanians constituting the largest group. Of the appointments for non-Caymanian employees (149 in total), 58% were recruited on-island.

**Note:** The information excludes 109 student interns/Office Support Assistants who were employed for short-term periods during 2020. Additional information relating to this group of employees can be found on page 51.

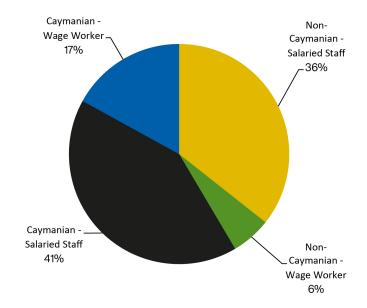

### Recruitment by Employment Type

Information in the table on page 38 and the adjacent pie chart shows that during 2020, 77% of new hires were salaried staff. The remaining 23% were wage workers (paid an hourly rate within the GAA-GFF pay grades).

The appointment of wage workers appears relatively high given that wage workers represented 7% of the Civil Service as at 31st December 2020 (see page 32).

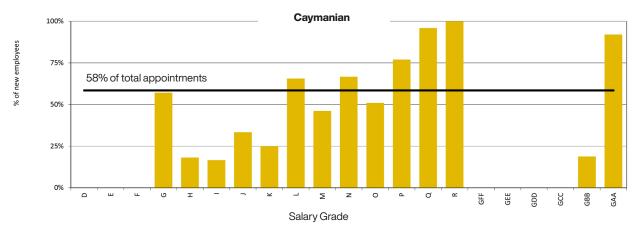

New wage worker appointments were predominantly made by District Administration, accounting for 76% of all wage worker appointments. District Administration appointments included 55 Office Attendant Ills on short-term contracts. It should be noted that District Administration operates an extended Internship Program to assist students during their "gap" year before continuing their education or permanently entering the workforce.

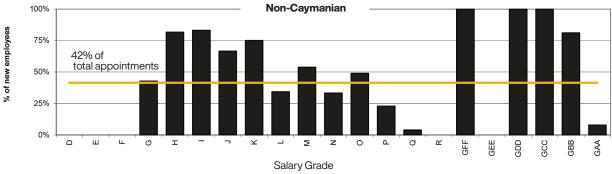

Other appointments of wage workers were within the Department of Agriculture, Department of Children & Family Services, the Department of Environmental Health and the core Ministry of EBC.

<sup>\*</sup> Appointment figures reflect new hires to the Civil Service and consequently do not include internal appointments to different entities or the contract renewal of existing employees. Student interns that were employed for short-term (1-3 month) work experience, PWD apprentices and supply teachers appointed to cover interim appointments are excluded from the data. The same employee can be recruited or appointed more than once in a given year and each appointment is counted as a separate activity.

### Appointments by Grade and Nationality

| Grade         | A-C | D | E | F | G | Н  | ı  | J  | K  | L  | М  | N  | 0  | P  | Q  | R | GFF | GEE | GDD | GCC | GBB | GAA | Total | %      |
|---------------|-----|---|---|---|---|----|----|----|----|----|----|----|----|----|----|---|-----|-----|-----|-----|-----|-----|-------|--------|
| Caymanian     | -   | 1 | - | 1 | 4 | 2  | 4  | 7  | 8  | 21 | 12 | 8  | 25 | 10 | 47 | 1 | -   | -   | -   | -   | 3   | 58  | 210   | 58%    |
| Non-Caymanian | -   | - | - | 1 | 3 | 9  | 20 | 14 | 24 | 11 | 14 | 4  | 24 | 3  | 2  | - | 1   | 1   | 1   | 1   | 13  | 5   | 149   | 42%    |
| Total         | 0   | 0 | 0 | 0 | 7 | 11 | 24 | 21 | 32 | 32 | 26 | 12 | 49 | 13 | 49 | 1 | 1   | 0   | 1   | 1   | 16  | 63  | 359   | 100.0% |

Caymanians constituted 58% of all new recruits/ appointments to the Civil Service during 2020, being appointed to a wide range of roles and salary grades. This is a smaller percentage when compared to the percentage of Caymanians in the Civil Service (71%) but a larger percentage than the 50% reported as "Caymanians in the Working Age Population", in the latest ESO Compendium of Statistics (2019).

During 2020, 34 departments made non-Caymanian appointments. 51% of all non-Caymanians recruited to the Civil Service were within three departments; the Department of Education Services (36 appointments), the Police Service (25 appointments) and the Department of Children and Family Services (15 appointments).

30 of the 49 departments recruiting new Civil Servants during 2020 made hiring decisions where

the ratio of female appointments was higher than the average percentage of female employees within the Civil Service (55%). New hires within 16 departments were all female, whilst new hires for 7 departments were all male. The Department of Education, where 42 of the 49 new hires were female (86%), represented the highest number of female appointments during the year.

#### It should be noted that:-

- (i) The above details do not form the full picture of attraction, retention and promotion of Caymanians within the Civil Service, as these figures do not take into account existing civil servants who have been appointed to new roles within Government. See pages 13 and 16 for related information on promotions during 2020.
- (ii) Appointment data does not include information relating to the contract renewal process for existing employees.

The annual turnover rate for the Civil Service for 2020 (excluding student interns, PWD apprentices and supply teachers) was **5.6%**, continuing the low turnover trend initially reported in 2018 (reports for 2019, 2018, 2016/17, 2015/16, 2014/15 and 2013/14 show the Government turnover rates at 7.0%, 7.5%, 9.6%, 8.7%, 11.8% and 12.6% respectively).

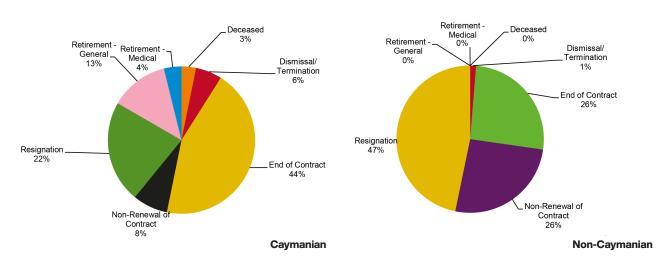

Those departments experiencing more than double the average turnover rate within the Civil Service are identified above in red text, whilst turnover rates that are below half the Government average are identified in blue text.

 $\textbf{Note:} \ Several \ departments \ showing \ a \ high \ percentage \ of \ turnover \ are \ departments \ with \ very \ small \ numbers \ of \ staff.$ 

## 2020 HR Activity for the Civil Service

## Leavers by Length of Service

The main reasons why Civil Servants left the organisation in 2020 were as a result of employment agreements coming to an end (38%) and resignations (31%). Just less than half of non-Caymanians (47%) who left the Civil Service did so as a result of resignations. Reaching the end of a contract, and decisions to not renew contracts each explained a further 26% of non-Caymanians leaving the Service. Resignations and contracts reaching an end were also the primary reasons why Caymanians left employment (22% and 44% respectively). In 2020, 6% of leavers left as a result of dismissal.

A third of Caymanian leavers had less than one year of service when leaving the Civil Service; this is largely related to the opportunities offered for Caymanians on Cayman Brac in short-term Office Attendant III roles. Excluding these groups of employees from the information reduces the percentage of Caymanians leaving within one year to 16%, which is almost half that experienced by non-Caymanians.

The cumulative figures show that almost 46% of all leavers from the Cayman Islands Government have less than two years of service, up from 36% reported for 2019.

## Leavers by Job Classification, including Uniformed and Teaching Staff

## Leavers from within the Uniformed Service

| Uniformed<br>Department     | Total<br>Uniformed<br>Leavers | Avg No. of<br>Uniformed<br>Staff | %<br>Turnover* |

<sup>\*</sup>Based on leaver information for 2020 and the average number of employees at the end of each quarter.

The table above shows the turnover rate by broad job classification. Those percentages, noted in blue represent categories where turnover is less than half of the Government average. During 2020, the highest categories of staff turnover were First Line Managers, with an annual turnover rate of 11%. It should be noted that roles can fall into a number of the above categories and therefore the above figures should be used as a guide only.

The turnover rate for the combined **Uniform Departments was 3.0%.** This is lower than that experienced by the uniform divisions over the last

few years, although variation within turnover year on year has been historically low. The specialism within uniform roles together with the difficulty of finding comparable employment within the private sector may contribute to this low turnover rate.

The turnover rate for **teaching staff (5.3%)** is slightly below that of the Government average (when excluding the impact of Supply Teachers who are appointed to cover short-term vacancies/absences).

### 2020 HR Activity for the Civil Service

### - Engagement

### 2020 Employee Engagment Survey Results

Conducted on an annual basis, the annual Employee Engagement Survey acts as a barometer to indicate the health of the organisation, in terms of the employee/employer relationship, in a number of critical areas. The 2020 survey was the fourth annual survey conducted for the Civil Service and took place in October 2020. It provided an opportunity for all Civil Servants to have input on a range of areas that impact their everyday working lives. Returns were received from 3,428 Civil Servants, representing an 83% response rate, an increase of 19% in the participation

rate compared to the previous year (74% in 2019). The survey is conducted by ORC International, on behalf of the Civil Service to ensure it is independent and confidential to participants and can be benchmarked internationally.

The headline results for the Civil Service are summarised below and show an improving situation, with all areas improving in the 2019 survey. The overall engagement index compared with last year has improved by 2%, from 70% to 72%.

48 2020 ANNUAL REPORT

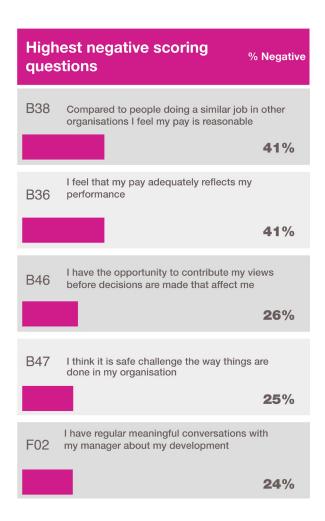

Organisational

Objectives and

The survey identified numerous areas of strength, with a 90% or higher positive rating, including 94% of respondents confirming their awareness of our vision to be a World-Class Civil Service and 92% confirming they understand how their work contributes to helping us achieve our vision.

This is an increase of 14% and 12% respectively on the initial survey undertaken in 2017, and reflective of the work that has been undertaken to familiarise employees with the 5 Year Strategic Plan.

Pay and benefits was one area which continued to feature heavily in the highest negative scoring areas. However, overall, "Pay & Benefits" saw an increase in positive rating of 7% compared to the 2019 survey.

A number of actions took place in 2020 which addressed pay and benefits, including the award of a 5% Cost of Living Adjustment in January 2020, the introduction of a differentiated COVID-19 honorarium and the protection of Civil Servants salary and benefits during the Government's response to the pandemic. These potentially have contributed to a reduction in negative responses in this area.

Further details on the remuneration of Civil Servants can be found starting on page 35.

Some of the biggest influencers of engagement are leadership, the management of change and management's relationships with their direct reports. Management and leadership development has been a priority goal, since the launch of the 5 Year Strategic Plan, with heavy investment in developing leaders at all levels across the Service. This has manifested itself in continuing increases in the engagement scores for both "My Manager" and "Leadership and Managing Change", with "My Manager" reaching 64% in the 2020 survey and "Leadership and Managing Change" reaching 56%.

# 2020 HR Activity for the Civil Service - COVID-19 Impact on Human Resource Management

On the 24th March 2020, the Deputy Governor announced the closure of all non-essential government offices by the end of the business day. This decision was taken in response to the first report of a COVID-19 case without travel history which triggered the transition to "Level 4" of the CIG's pandemic response. This situation remained in effect until the 19th June 2020, when the Deputy Governor called for the Civil Service to return to full service delivery.

The response to the COVID-19 pandemic saw the Civil Service deliver results in unprecedented ways. Essential Services staff were required to operate under heightened levels of risk, while adopting new

protocols and wearing protective equipment to maximise their own safety and the safety of the public they serve. Services that could be delivered remotely were transitioned on-line and staff embraced remote working as a way to minimise disruptions to services.

Extraordinary demands for service were placed on different departments, as "Stay Home Cayman" requirements became embedded and the consequences of the economic impact of the pandemic were experienced across the Islands. Civil Servants volunteered and were redeployed to different areas of responsibility in response to changing needs to deliver the Government's priorities.

### **CIG Cares**

CIG Cares, an initiative championed by the Deputy Governor, was launched in response to the growing needs of the community during the COVID-19 response. It promoted and enabled Civil Servants to make donations from their salary, on a one-time or ongoing basis, by way of monthly or bi-weekly payroll deductions. For the first four months of the initiative, which was launched in July 2020, the Needs Assessment Unit Food Voucher Programme was the recipient of the funds raised. Later, the scheme was expanded to include other designated charities, which were selected by Civil Servants who responded to a survey on the topic.

In the six months following the launch of CIG Cares, Civil Servant donations totaled **\$46,160**.

## Short-Term Employment Opportunities

During 2020, the Civil Service employed a number of additional individuals on short fixed-term contracts as the Service adopted an agile approach to meeting the changing needs arising from the COVID-19 response. Whilst not included in the main body of the report in order to ensure that on-going annual trend comparisions are not impacted by unplanned/unbudgeted emergency short-term increases in staffing, it is important to recognise the contribution that these individuals made to the continuity of Government operations.

In 2020, the Civil Service appointed 109 Office Support Assistants, a role generally offered to provide employment opportunities and experience, on a short-term basis, to returning graduates. Of those, 97% were Caymanian.

These short-term resources were recruited to provide, amongst other activities, additional support for the Needs Assessment Unit, garbage collection and processing, services at isolation facilities and coordination of "Bring Them Home" and "Travel Cayman", which were activities for returning residents and long-term visitors.

## Number of Employees receiving Honorariums by Ministry / Portfolio

|              | Award A    |            |       |

| Total        | 838        | 828        | 1666  |

## Public Servant COVID-19 Responders Honorarium Award

In 2020, in recognition of the contribution to the safety and security of the Cayman Islands, Cabinet approved a one-time honorarium to Public Servants who had continuously delivered essential services which informed and enforced the Government's policy decisions to combat the spread of COVID-19 (during the period that the National Emergency Operations Center was activated).

This represented the first major implementation of a differentiated approach to reward, with different levels of honorariums being awarded to staff based on their contributions. The two awards were an honorarium of \$1,000 or an enhanced honorarium of \$1,500, which recognised an elevated level of risk.

Nearly 40% of the Civil Service received the COVID-19 Responders Honorarium, of which there was a 50:50 split in individuals receiving the \$1,000 and the \$1,500 awards.

### **Glossary**

#### **Public Service:**

The Civil Service and employees of Statutory Authorities and Government Owned Companies.

For clarification, this report excludes:

- (i) Employees from SAGCs who are working overseas contracted to terms and conditions of the resident country.
- (ii) Civil Servants identified for exclusion as outlined below.

#### **Civil Servant:**

A person employed by the government, but does not include a Member of Parliament other than an Official Member, and is a public officer for the purposes of the Constitution.

For clarification, this report excludes:

- (i) The Chief Justice, Judges, Magistrates, His Excellency the Governor;
- (ii) FCO staff within the Governor's Office and staff working overseas contracted under terms & conditions of the resident country (Department of Tourism and European Mission).
- (iii) Student Interns (classified under the designation "Office Support Assistant") who are appointed on short-term contracts (under 3 months) during school/university non-term periods.

Data on Student Interns excluded under this category:

Jun 2016 - 52

Jun 2017 - 41

Dec 2017 - 7

Dec 2018 - 18

Dec 2019 - 18

For 2020 the exclusion of Student Interns includes those Office Support Assistants that were appointed to short-term contracts which were extended for up to 9 months in response to COVID-19 (as additional short-term resources were needed outside of the traditional vacation periods). Additional information on this group of individuals has been included on page 51 of the report.

(iv) PWD Apprentices (classified under the designation "Facilities Support Technician III") who are appointed on short-term contracts as part of the PWD commitment to developing Caymanians to enter the local construction industry.

(v) Members of the Cayman Islands Regiment.

### **Employee Type:**

Describes the terms and conditions that an employee is retained on. Under the Public Service Management Act (2018 Revision) and Personnel Regulations (2019 Revision), employees can be employed either as salaried staff, who are paid monthly, or wage workers defined as "a staff member whose remuneration is calculated at an hourly rate".

#### **Number of Employees or Headcount:**

The number of individuals. Where an employee holds two distinct jobs they are included in the totals twice, as they may be working in two different departments and should appear in both subtotals.

### **Department:**

The information presented at the departmental level relates to the various cost centres that constitute a department. Where a Ministry or Portfolio appears listed as a department this does not mean the whole Ministry/ Portfolio; rather, relates to those cost centres that fall under the Ministry/ Portfolio administration.

#### Pay Grade:

Describes the remuneration band an employee is assigned to. Salaried staff are paid on grades A to R, where A is the highest grade and R is the lowest. Where a high-ranking position lies outside the regular grading structure, the positions have been categorised under grade A for ease of classification.

Employees remunerated hourly, referred to as wage workers, are paid on grades GAA through GFF, where GFF is the highest grade and GAA is the lowest.

### **Nationality:**

Describes whether an employee is Caymanian or non-Caymanian.

### **Country of Recruitment:**

Describes whether an employee was recruited on-island or from overseas.

## **Detailed Content Description**
